WHAT TO EXPECT?

Coco/wood beads are made from a natural material, so you might see slight variation in grain pattern, streaks, and color. Depending on how the beads were carved, they can also vary in size and shape, offering each finished piece a one-of-a-kind look. Metal offers every space a touch of elegance. However, harsh chemical solvents, abrasive cleaners, strong detergents, bleach, and furniture polish can damage the finish. It's also best to avoid scratching and excessive humidity whenever possible, as this may cause the metal to rust.
