WHAT TO EXPECT?

Full-grain leather is sourced from the top cut of the hide, making it a very durable material that will develop a patina over time. Given that this material is sourced from real animals, it often features wrinkles, scarring, and even slight color variation that's unique to that specific animal, adding a touch of personalization to each piece. Mindi wood is a natural material, so variation in grain pattern, markings, and color will occur, offering each piece made with this material a one-of-a-kind look.
