Baobab Dining Table

Citizen Artist × GLOBAL VIEWS

DESCRIPTION

Named for the sculptural silhouette of the African baobab tree, the Baobab Dining Table embodies balance, gravity, and repose. Its pedestal base evokes the organic swell of a trunk rooted in the earth. Crafted in mahogany with birch veneer and finished in soft ecru matte lacquer, the table's contemporary form is refined by a dramatic chamfered edge that slopes inward, catching light along its surface. Both architectural and elemental, the Baobab serves as a centerpiece of gathering, where form and function meet in quiet equilibrium. The baobab endures because it stays rooted. So does a table that gathers family.
