WHAT TO EXPECT?

Full-grain leather is sourced from the top cut of the hide, making it a very durable material that will develop a patina over time. Given that this material is sourced from real animals, it often features wrinkles, scarring, and even slight color variation that's unique to that specific animal, adding a touch of personalization to each piece.

Our mirrors are designed to be hung by a professional, usually by wire. Actual hanging specifics vary on a case by case basis and depend on several variables, including the mirror weight and wall type. Incorrect hanging can result in damage to the mirror or the wall. Made Goods is not responsible for damage due to incorrect hanging of our pieces.
