WHAT TO EXPECT?

Mother of pearl (MOP) inlay is a time-honored technique that requires a highly-skilled artisan to produce. Each piece of MOP is meticulously carved by hand and then placed in a specific pattern. Resin is then carefully hand mixed and poured to fill the spaces between the inlay, which can lead to some variation in color and pattern. Polishing with water also adds to the individual appearance of each item. Keep in mind that you might see some chipping on the MOP and gaps or uneven sections within the inlay pattern. Additionally, cracks and a yellow tint are expected to appear over time, a nod to its natural beauty as it ages.

Our mirrors are designed to be hung by a professional, usually by wire. Actual hanging specifics vary on a case by case basis and depend on several variables, including the mirror weight and wall type. Incorrect hanging can result in damage to the mirror or the wall. Made Goods is not responsible for damage due to incorrect hanging of our pieces.
