WHAT TO EXPECT?

Our shell pieces are made from real, locally sourced shells, so you may notice some variation in color, shape, and texture, like chipping and cracking along the edges, from piece to piece. These characteristics ensure every finished product is completely unique, a nod to the natural beauty of these aquatic treasures.

Our mirrors are designed to be hung by a professional, usually by wire. Actual hanging specifics vary on a case by case basis and depend on several variables, including the mirror weight and wall type. Incorrect hanging can result in damage to the mirror or the wall. Made Goods is not responsible for damage due to incorrect hanging of our pieces.
