WHAT TO EXPECT?

To create the specialized appearance of antiqued mirror, each panel of glass is hand-distressed and treated to ensure each one has its own unique mottling, speckles, or fogged textures. Because no two are alike, every piece feels like its own celebration of artistry. Oak is a natural material, so variation in grain pattern, markings, and color will occur, offering each piece made with this material a one-of-a-kind look.

Our mirrors are designed to be hung by a professional, usually by wire. Actual hanging specifics vary on a case by case basis and depend on several variables, including the mirror weight and wall type. Incorrect hanging can result in damage to the mirror or the wall. Made Goods is not responsible for damage due to incorrect hanging of our pieces.
