

WEATHERLEY MIRROR

MIRWEATHE2252NT

MG093396

We've grown our renowned repertoire of natural materials and ancient weaving fibers with our lampakanay Weatherley. The native plant is plentiful in the marshes of the Philippines, where it is sustainably harvested and meticulously woven by expert craftspeople. The result is a refined finish, which gives this decorative frame a natural appeal.

WHAT TO EXPECT?

Lampakanay is a plant that grows in low altitudes and shallow water in the Philippines, and the stalks are harvested and processed into fibers to be handwoven. Given the environmental factors that can affect the lampakanay's growth and the way the fibers are processed and prepared, the texture and color may vary slightly, offering each piece made with this material a hint of charm. It's a perfect example of why we love using natural materials for our pieces—each one ends up with its own unique touch.

Our mirrors are designed to be hung by a professional, usually by wire. Actual hanging specifics vary on a case by case basis and depend on several variables, including the mirror weight and wall type. Incorrect hanging can result in damage to the mirror or the wall. Made Goods is not responsible for damage due to incorrect hanging of our pieces.
