Shipping Method: P/OS

ETL Certified

Certified for Damp Locations

The Navigation Brown Cordless Table Lamp has a modern stacked form topped with a white opaque globe. Geometrically rich, the portable lamp with a rechargeable bulb has a brown marble disc, which holds the globe, that is raised on slant atop a white marble plinth. It will be an instant conversation starter when used as an illuminated decorative element in a vignette, as it will become a powerful focal point. Because marble is a natural material, subtle variations are inherent to each piece.
