Item Weight: 103 lbs.

Shipping Method: MF

The Ridge Large Ivory Terrazzo Planter is made of molded fiberglass-reinforced concrete in an ivory terrazzo finish, the combination making it durable for outdoor rooms. The ivory planter is frost resistant and has a drainage hole. The concrete is mixed with tempered glass fibers that read as soft amber and metallic flecks embedded in the surface, which adds a hint of glint to this piece. The size is perfect for flanking an entrance, and its deep silhouette is great for taller foliage or trees that require a deeper dirt base.
