Cord: 13' Clear Silver

The Buckram Brass Orb Pendant is crafted from curved panels of iron in an antique brass finish that are joined together to create its shape. The pierced metal shade has an acid-etched surface with areas of heavier texture that highlight its handmade character. Inside, an oversized frosted LED bulb glows through the openings, adding both light and dimension. The result is a pendant with rich texture and a distinctive artisanal feel. The fixture has one light and is dimmable.
