DORA CONTAINERS, SET OF 3

4787

White

Contract Suitable As Is

A lesson in mixed materials and simple geometrics this set of containers combines natural white hide with clear acrylic lids to create three functional vessels. The inside is lined with gray suede to add a slightly more upscale element to its already refined form while the circular toppers add a dynamic visual to its functionality. Great for storing grooming products atop a vanity or in a powder room. Hide may vary.
