SARASOTA CANDLEHOLDERS, SET OF 2

9257

Ivory

Contract Suitable As Is

Inspired by the stacked-stone totems often seen lining riverbeds, this pair of taper holders are stunning in their use of materials and asymmetry: the larger, an egg-shaped candlestick carved in an ivory ricestone composite, and its companion, a globular clear crystal that hovers above a ricestone disc, which is lined in felt on the bottom. Ricestone will vary.
