Dario Round Gray Mirror

1000-0130

Overall: 1.25"d x 38.5"dia

Finish: Gray/Mirror

Materials: Marble/Glass

Item Weight: 49 lb

The Dario Round Gray Mirror is a seriously sturdy decorative mirror. Made of slices of marble in varying thicknesses and lengths, the interplay of short and long, and thick and thin brings the profile a nice dose of texture, as does the graining in the natural material. Aimee Kurzner was inspired by a tile mosaic when she designed the piece. A refined aspect of the design is how the substrate base is painted in a matching hue to make every aspect of the gray mirror seamless.
