

CURREY

& C O M P A N Y

Derian Tray

1200-0509

Overall: 1.5"h x 16"w x 10"d

Finish: Black/White/Natural

Materials: HORN/COMPOSITE/WOOD

Item Weight: 3 lb

Mixing chiseled horn with composite brings the Derian Tray a nice luminous texture. The striations on the surfaces of the decorative tray, which has felt on the bottom, are achieved when artisans take chisels and put them on angle as they are hammering the lines into the surface of the horn. The black and white diamond shapes are clean, contrasting elements.
