No

OUTDOOR SUITABLE

Not Outdoor Suitable

WHAT TO EXPECT?

This material offers every space a touch of elegance. However, harsh chemical solvents, abrasive cleaners, strong detergents, bleach, and furniture polish can damage the finish. It's also best to avoid scratching and excessive humidity whenever possible, as this may cause the metal to rust.

Our mirrors are designed to be hung by a professional, usually by wire. Actual hanging specifics vary on a case by case basis and depend on several variables, including the mirror weight and wall type. Incorrect hanging can result in damage to the mirror or the wall. Made Goods is not responsible for damage due to incorrect hanging of our pieces.
