VARIATION TO BE EXPECTED

Yes

WHAT TO EXPECT?

Aluminum offers every space a touch of elegance. However, harsh chemical solvents, abrasive cleaners, strong detergents, bleach, and furniture polish can damage the finish. It's also best to avoid scratching and excessive humidity whenever possible, as this may cause the metal to rust. Each slab of marble we source can vary in color, and the veining throughout can range in thickness and pattern, inspiring us to create designs that highlight the beauty of natural stone. With each unique pattern or shade, every one of our marble pieces takes on a one-of-a-kind look.
